SUBJECT

[REDACTED]

1. On 2 July I sent a memorandum to the Director of Personnel (with info copies to C/FE, D/OCI, D/NE) concerning [REDACTED] who had written me at the suggestion of a mutual friend about the possibility of Agency employment.

STAT

[REDACTED] I have also received, however, a note from an officer in the Office of Personnel mentioning an earlier interview with [REDACTED] during which the general question of Agency employment was discussed.

3. I appreciate the courtesy of the various offices involved in keeping me informed of developments in this affair, though I want to make it clear that I have no direct personal association with [REDACTED] and am certainly not trying to push his case. I am, however, a trifle concerned because [REDACTED] memorandum reflects no awareness of the Office of Personnel's contact and the letter from the gentleman from that office reflected no awareness of FE [REDACTED] interest.

4. I am, therefore, forwarding this memorandum to try to insure that wires do not get crossed and contact with [REDACTED] is not persued by two offices, each unaware of the others activity.
